OFFICIAL PAPER OF THE CITY.

# Janesville Daily Gazette.

VOLUME 8.

JANESVILLE, WIS., WEDNESDAY, NOV. 16, 1864.

NUMBER 222.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the best and most reliable manner, it is the most valuable paper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary matter and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

## The News.

The rascally conspiracy that was to precipitate revolution and rebellion in the Northwest, is cropping out more and more as time passes. Our columns this evening contain other evidence of the great plot, and an account of the arrest of several prominent democratic politicians and office holders in Chicago who are implicated.

General Sherman is managing his great campaign admirably—at least we judge so for the reason that the most inquisitive Yankee newspaper correspondent cannot even guess where he is going. We shall probably hear from him first through rebel sources.

It is said that Grant will certainly make another demonstration before winter sets in.

Our Canadian neighbors are having a little scare of their own over the Fenian brotherhood.

McClellan has resigned and a fighting man put in his place.

Gold closed at 23 1/2.

## Vote of the 4th Horse Battery.

The 4th Horse Battery, 1st New York Cavalry, voted yesterday, 86 votes were cast, of which Abraham Lincoln received 62, and George B. McClellan 34.

Please remember that heretofore, this has been a strong Democratic organization. Our majority would have been over 30 had the Illinois men who are members of the Battery, been permitted to vote.

Respectfully yours,  
D. L. Nozick, Com'g Battery.

## Wisconsin Election Returns.

The *Press* brings out the roster and brown over the general result, and the vote in Adams county, which gives Lincoln 340 majority. Far, regular Union candidate for Assembly, is defeated by Winchell, independent Union, and the *Press* seems to think he was served right.

The *Enterprise* sums up the vote of Kauwaunee county as 753 for McClellan and 137 for Lincoln.

An extra from the *Herald* office gives Union majority in Grant county, complete, as 1,692, a loss of about 400.

The *Northwestern Times* says the Union majority in Vernon county will be about 700.

The *Press* says the Union majority in Eau Claire county will range from 150 to 175.

The *Dodgeville Chronicle* thinks there is no doubt the soldiers' vote will elect the whole Union ticket.

## State News.

The Oshkosh *Northwestern* says every day, for the past month, we have heard of sales of real estate, more or less extensive, and in almost every instance those buying, purchase for permanent occupation. This argues well for the stability of our city.

The *Fond du Lac Reporter* says the funeral services of Ex-Gov. Tallmadge took place on Sabbath, Nov. 6th. The discourse was by Rev. Wm. McNeal. The remains were followed to the family burying ground at Rensselaer Cemetery by a very large concourse of citizens, many of them old pioneers with him in years long gone by when Gov. Tallmadge was in his prime.

A grand wolf hunt was to come off in Sauk county on the 12th inst.—The *Prairie du Chien Courier* of the 10th says, the mail packets have made their last trips for this season. It also says there is good sleighing here today. It records the destruction by fire of the dwelling of Chauncey Steele, in the town of Marietta, with most of the contents. Also the shooting of a young man named Quinn, by another named Rogers. It is not known whether the shooting was by design or accident. Quinn was shot between the shoulders and walked half a mile before he knew he was dangerously wounded.

The *Ripon Commonwealth* records an attempt at burglary in Kuroka, and says that Mr. A. C. Cole, of the same place, had two mares stolen from his barn on Friday night last. One of them was a sorrel, with a white stripe in face, hind feet white, five years old, weighs about 1,100 lbs., and is rather tall. The other was dark bay or brown, medium size, five years old past, white saddle mark on her back, and callous on right shoulder caused by collar. A reward of fifty dollars is offered for the return of the horses, and a liberal reward for any information of the same.

General Howard has gone to Memphis to take command of Sherman's old department of the Tennessee. General Morgan L. Smith will take command of the post of Vicksburg, and General Dodge of the district. General Dana, recently at Vicksburg, will now assume command of the 16th Army Corps, with headquarters at Memphis. General C. C. Washburne is in command of the district west of the Tennessee, and General Buckland in charge of the post of Memphis. General Buckland, however having been elected to Congress from Ohio, is about to resign his command.

## The New Era in Maryland.

Reverdy Johnson has written the following letter:

WASHINGTON, 27th April, 1861.

Delighted to hear the result of yesterday's election. A new era is now dawning on our State. Slavery ended and she will be, as Washington said she would be, in that event, "The garden spot of the United States."

He said so in a letter to St. John Lincoln in '56. If it is done also in the whole country, (as I think it will be,) great as our prosperity has been in the past, and high as has been our name with the nations of the world, both will be immeasurably, almost enhanced, God grant that it may be so.

Yours truly,  
REVERDY JOHNSON.

C. C. Fulton, Esq., Baltimore.

## A Glasgow (Mo.) correspondent of the St. Louis Democrat furnishes this paper with ten columns of details of the atrocities of the guerrilla Bill Anderson, who, it is generally believed, was recently killed.

Among his enormities were beating a bedridden man, outraging several women, attempting to kill a child, torturing one of his captives, and committing robberies innumerable.

Capt. D. A. LOWBER, of Co. A, 37th Wis. Infantry, has forwarded to us the election returns of the 1st Brigade, 9th Army Corps, stationed near the Weldon railroad, Petersburg.

## The Fenian Conspiracy in Toronto.

The Fenian organization in Toronto appears to be a more formidable affair than it appeared at first sight. The police have made important discoveries, as we gather from the *Toronto Globe*, and the matter has caused unusual excitement. In the house of one of the Fenian leaders, named McGuire, the police found nothing of a suspicious character till after they had proceeded up stairs, when, as they were entering a room, they met a woman coming out with a box in her arms. She acted as if she was trying to avoid them, and as she was trying to get away, McDowell caught her and demanded the box, which, after some hawking, she gave up. It was opened on the spot, and found to contain some twenty or thirty heavy pipes. They are well made, deadly looking instruments, about eight inches long, and shaped like a spear-head of the olden time. At the butt end there is a screw which fastens the head to the handle, and the instrument is then ready for its deadly work. A further search through the place brought to light a number of handles for these heads. They are large heavy sticks, composed of the best of wood, and measure about eight feet in length. In the house was found a lot of fittings up of an Hibernian Lodge room. The pipes—heads and handles—were taken possession of by the police. McGuire was then arrested, and taken to the station. The police are on the track of some other persons, against whom it is said there is very strong evidence.

## DIED.

In Union, Nov. 7th, of diphtheria, AMY ELMIRA, aged seven years, three months and five days. Nov. 12th, of the same disease, MARY M., aged twenty-five years, two months and two days. Youngest and eldest child of Henry and Mary Ann Johnson.

"Lovely and pleasant in their lives, and in their death they were not divided."

## A Mammoth Enterprise.

An enterprise of great importance to the world of commerce, under the title of the "European Express Freight Line," and "National Steam Navigation Company," has recently been organized, by which shipments of grain and other domestic products can be effected from any of our great lake ports to Liverpool direct. To this end, arrangements have been perfected with all the great lines of through railway companies leading into this city from the principle Western entrepôts of commerce; and also from Canada, by which freight will be transported to this city and thence direct to Liverpool by the National Steam Navigation Company's ships, of which Messrs. Williams & Gilson, of 111 Wall street, are the agents—a *through bill of lading* being granted from the place of shipment to the destination. The National Steam Navigation Co. have a capital of £2,000,000, and when all the vessels now in course of construction are completed, will have a fleet of 13 first-class steamers, costing £1,325,000. This will leave about one-third of the capital to complete other ships if necessary. Four of these ships, the *Brin*, 3,318 tons, the *Louisiana*, 2,166 tons, the *Virginia*, 2,876 tons, and the *Pennsylvania*, 2,972 tons, have already performed a number of successful voyages between this port and Liverpool, and they are considered fine specimens of naval architecture.

We understand that freight from Chicago to Liverpool, by the European Express Freight Line and National Steam Navigation Company, will make the transit in twenty-five days; while from Cincinnati and Cleveland it will require but seventeen to twenty days. Shipments via the Atlantic & Great Western Railway will pass directly to the steamer without transshipment. There are to be some two hundred and fifty agents for freight and passengers in different parts of this country, though Mr. J. D. Hayes, at Buffalo, is vested with the chief interior agency; and we are assured that his arrangements are as complete as possible, and that the bills of lading are the only ones to be given by the ships for through freights from the interior, and the ships, it is understood, are to be jointly held, thus making the bill of lading a negotiable document both at home and abroad.

We believe the managers of this enterprise contemplate perfecting arrangements whereby direct shipments may also be made to Hamburg and Bremen, and perhaps other continental ports, as well as to Liverpool.

We heartily wish for this new enterprise success. There is, and can be but one opinion as to the practicability or necessity of increased steam communication between this country and Europe, and the inauguration of new agencies in our commercial system such as this, cannot but tend to greatly develop our resources.

Mr. S. T. Webster, formerly of the Grand Trunk Railway, is the agent in this city for the above line.

## UNION MEETING.

On Friday evening last, a large and intelligent audience assembled at Metropolitan Hall, to listen to an address from Prof. Edward Searing, of Milton, on the political aspects of the times. The speech was one of the best that has been delivered here during the campaign. It was terse, logical and eloquent, and elicited continued applause from those present. We heard but one opinion expressed concerning it, and that was that it was one of the most effective and able speeches ever delivered here. Prof. Searing has established a reputation here that will ensure him a crowded house whenever he may again see fit to visit us.

### ACCIDENT ON THE MILWAUKEE & PRAIRIE DU CHIEN RAILWAY.

The freight train that left here at 4 o'clock this morning, under charge of Conductor Johnson, met with quite a serious accident at Milton Junction. By some means the target at the switch was broken, and eight cars were thrown from the track—four of which were pretty thoroughly demolished. One car was loaded with twelve horses, all of which escaped without serious injury except two. The engine was thrown from the track and the engineer, Charles Smith, had his leg broken in jumping from the machine. The tender was badly damaged. No other person except Smith was injured by the accident.

### Superintendent W. B. Strong was promptly on the ground, clearing up the wreck, which he hopes to have accomplished this afternoon.

### MEETING OF THE BOARD OF SUPERVISORS.

Wednesday, Nov. 15.—The Board met in pursuance to adjournment, all the members being present. The minutes were read and approved. A large amount of accounts and claims were presented and referred to the proper committees.

The following resolution was presented by R. T. Powell:

### THE CONSPIRACY IN CHICAGO.

CHICAGO, Nov. 15.—We are authorized by Col. Sweet, the commandant of the post at Camp Douglas, to state, that upon evidence that he had received of the conspiracy of a number of citizens in the city of Chicago, to rescue the rebel prisoners and fire the city, he proceeded to arrest the following parties last night:

C. W. Patten, Democratic Judge of the First Precinct of the First Ward, poll at the recent election, and member of the State Council, Sons of Liberty.

Francis Adams, present Democratic City Attorney, and one who signed the circular on the day of election denouncing the arrests made as an "election trick."

Obadiah Jackson, Jr., a leading Democrat and lawyer, and Grand Seigneur of the Sons of Liberty.

James Larmon, a wealthy Kentucky Democrat, and — Semmes, nephew of the pirate of that name, and James Geary, a leading copperhead, and F. W. Hoffman, the latter upon making a statement, that upon discovering the Order to be treasonable he abandoned it after attending one meeting.

Obadiah Jackson, Jr., in a long interview with the authorities, stated freely and frankly his connection with the whole matter. He said he joined the Sons of Liberty three or four months since, at the instigation of Judge Buckner S. Morris, upon the representation that it was simply a Democratic party organization. He was taken by Morris to McCormick's building, where he was initiated. Shortly before the election he was informed that he had been elected Grand Seigneur of the Order. He presided at a number of meetings of the Order, at the Livable Club Rooms. The last of these meetings was on the Sunday before the election.

Charles Walsh Patten and others were present. The discussion was in relation to the rescuing of the prisoners of Camp Douglas, arming the members, and taking possession of the polls. Walsh, Geary, Patten and others stated there were plenty of arms in the city for the Order, and others. The reasons for the distribution of arms were indicated at that meeting, one of which was the Livable Club Rooms.

As presiding officer, he appointed the committee to distribute the arms, of which Semmes was a member. He said at that meeting he (Jackson) first discovered that the designs of the organization was treasonable, and that it would lead to bloodshed and revolution, and he determined to expose the Order to the authorities, but the military arrests made the same day, he thought, rendered it unnecessary.

Mr. Geary's business, being a second hand clothing dealer, appears to have been to furnish rebel prisoners who get away from Camp Douglas with clothing, to enable them to escape, as well as to the rebel officers for concealment, whilst in the city aiding and assisting the conspirators.

### FROM SHERMAN'S DEPARTMENT.

CHATTANOOGA, Saturday, Nov. 12, 1864.

News reached this place last night that the rebel General Wheeler with a body of cavalry dashed into Atlanta, a day or two since, and that a night took place in Whitehall street. No details have yet been received. Nearly all our troops had previously left the city. The 20th corps, which in conjunction with other troops, was under marching orders, and had actually started, prepared for a long expedition eastward, returned to the city last Monday, but without unpacking or making formal encampment. It appears from last night's intelligence that they had marched out again previous to Wheeler's arrival. The presence of an extensive force of the enemy's cavalry at Stone Mountain may have something to do with their return.

It is thus apparent that Atlanta is on the point of evacuation; and persons lately from that city confirm this opinion, and furthermore that the place will be burned, so as to render it untenable and worthless to the rebels. The constant arrival of machinery and material from the front also corroborates this view. How far Wheeler's cavalry or any other force the enemy may have will interfere with the expeditions now on the point of starting, remains to be seen. If the hand is thus loosed off by the evacuation of Atlanta, the limb will probably shrink to the elbow, and it may, Roscan and Dalton may become the out-post or end of the formidable stump.

There is a great change taking place in the organization of Sherman's army, and the movements of the several component parts are very erratic. A portion of the 23d corps is now here; part of this command is on the way to Nashville, and it is reported that the whole corps will report at that city to Maj. Gen. Thomas, who is charged, also, with the re-organization of the army and the assignment of recruits.

A member of the 68th Ind. Vol. Inf., just arrived here from Decatur, Ala., states that Hood's rear was at Cordland, twelve miles from Decatur last Monday. During the skirmishing before that place about two weeks ago, the above named regiment and other troops there took in 120 prisoners. Decatur proved too strong for the rebels. All accounts concur in estimating Hood's army at about 30,000. His army and movements are on foot.

CINCINNATI, Nov. 16.—The *Gazette's* Nashville dispatch says the rebel army numbering 30,000 is still concentrated in the vicinity of Florence, Ala., with one

corps on this side of the river. The condition of the roads prevents active military operations, and the rebel army remains comparatively idle.

### FROM NEW YORK.

New York, Nov. 15.—The *Express* has the following: There have been mysterious rumors of peace lately, and the speech of Gen. Butler last evening is regarded as very significant in some quarters that there is really some thing on foot. The movement of Sherman's army is supposed to have something to do with it, and the story runs as follows:

Some time since there was a convulsion in the ranks of the leading members of Gen. Grant's staff, including Gov. Brown and Vice President Stephens, and an ambassador was sent to Washington. This gentleman was authorized to assure the President that Georgia would secede from the Confederacy if Sherman would march through Georgia and take possession of Charleston and Savannah. The response of Mr. Lincoln to this request about three weeks since was that he was not quite ready but would do it after election. It is contended that this is the real secret of Sherman's movements and that it is done with a view of not only bringing back Georgia but also North Carolina and Alabama. In connection with this it was rumored in the street this afternoon that Augusta had been captured.

The monitor *Dictator* returned from a successful trip this afternoon.

HARRISBURG, Pa., Nov. 15.—A General order has been issued to all cities and counties in the State directing the enrollment and classification of the militia of this commonwealth under the acts of the assembly May 4th and August 3d, 1861.

It appears the *Tallahassee* managed to escape the chase the other day. Of the four Union steamers engaged in the chase after her on the 7th inst., the Montgomery and Lillian took the lead. The former following her up from 10 o'clock in the morning until dark. The pursuit was unflagging and most exciting. So near had they got to her that but a short time would have elapsed before she would have been their prey, when night set in and she escaped in the darkness.

New York, Nov. 15.—The gold market is very dull. There is no speculative movement and in absence of the late brisk export demand, the prices are weak and declining. It opened at 2.44 and dropped to 2.38; and rose again to 2.40.

At 3:30 p. m. it was 2.38 and weak.

New York, Nov. 15.—The week opens with increased animation in the dry goods market. Sales were well attended, and goods were generally disposed of at advanced prices.

At the entertainment given to General Butler last evening at the 5th Avenue Hotel, he announced that he will leave for his army in the field to day. In his speech he urged that the olive branch be once more extended to the rebels, if again refused then he asked for a sharp, vigorous war, and thought the bounties given

 (Translated from the French.)  
 After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have secured for them the eminent reputation which they enjoy. The Piano of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The tone is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (crystalline), and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal (if not superior) to the best manufactured in Europe or this country by the most celebrated makers.

N. SWAGER,

Dealer and manufacturer of

Furniture and Cabinet Ware,

will announce to the citizens of Janesville, Rock and adjoining counties, that he has on hand the largest and best selected stock of furniture that has ever been in Janesville, and notwithstanding the great rise in price of lumber, material, etc., he is not only able to sell his furniture at the lowest prices, but he is also able to furnish his customers with the latest styles of furniture at the lowest prices.

Without any Advance in Price

over the old prices, though furniture has everywhere been advanced at least from 25 to 50 cents over the old rates, and as it may be believed that he too, has more for furniture than he had before, he will disprove this by every one who will call and examine his stock, as he is sure to give entire satisfaction to the most fastidious, both in regard to price, quality and beauty of style, which can be compared with any other in the city.

Among his numerous articles I can only mention Sofa, Tables, Beds, Bureaus, Mattresses, Trunks, Chests, Drawers, and all kinds of furniture, and all at the lowest prices.
